The Re-Use of Data by Persuasive Robots

This form is run independently by Tiberius Ignat, after a presentation at Cambridge Data Week 2020 and it's not an initiative of Cambridge University or its Office of Scholarly Communication.
Your participation is not mandatory.

Required

Humans persuaded by robots and algorithms. Is this a good idea? *

○ Yes

○ No

Would you like to contribute to a movement which aims to stop the practice of using non-human to persuade humans? This movement could start with regulations toward the re-use of research data *

○ Yes

○ No
